1. The Polish Ocean Lines and Polish China Shipping Association are located in Gdynia. The P.Z.M. (Panstwowa Zegluga Morska) is located in Stettin. The central management, or the P.M.M. (Polska Marynarka Handlowa) is also located in Gdynia. The director of this organization is fnu GOLYSZNY. He is an ex-officer of the merchant marine and was at one time a captain on a small vessel. He is an active Communist. His deputy is fnu GRZELAK, who was director of the Gdynia America Line in New York. He is also an active Communist.
2. The highest authority in the merchant marine is the "Aparat K.O." (Cultural and Educational) which is located in 10 Lutego Street, Gdynia. Until recently the head of this organization was fnu GRZELAK, who now has a position in a ministry in Warsaw. All reports from the ships are passed to this office where the director takes whatever action he may desire. This office is modelled on the Russian system and all top positions are occupied by 100% Party members. As a rule young Communists hold the leading positions and are assisted by older and more experienced persons. A large number of the employees are not only Communists but also members of the U.R.
3. Fnu ZABLOCKI, the director of the State Enterprise for purchasing ships abroad is frequently in England, France and Holland. He got this job through his father who is a personal secretary in the U.I. Ministry in Warsaw. In 1949 ZABLOCKI graduated from the Marine School in Gdynia. He is about 30 years old.
4. Fnu CHYLINSKI, a close relative of President BIERUT, is now working in the Navigation Ministry in Warsaw. He graduated from the Marine School in 1947 and afterwards sailed on several Polish vessels such as the M/S JEDNOSC ROBOTNICZA as 3rd Officer. He was well liked by his fellow seamen as he frequently helped them in difficult situations. He is fond of drinking and women. His present job takes him frequently to Gdynia, where he has an apartment set aside for his personal use.
5. The Political Officers (K.O.) on all Polish merchant marine vessels are the only ones allowed to have a weapon. This fact is also supposed to be kept secret from the crew.
